

### Year 3

Hello Year 3,

I hope you had a good few weeks and that you have enjoyed your home learning tasks. Below are some new home learning tasks for you to do over the next few weeks.

Our topic for the summer term is Fair Trade and Benin. The home learning activities are focused on Fair Trade so you will find many of the suggested activities below link to this area and Africa.

On class dojo I will be continuing to read the book Varjak Paw, hopefully you are enjoying Varjak's adventure so far. If you haven't listened already all the videos are still available on the class dojo story if you would like to join in too.

Please send me messages via Class Dojo or via the e-mail address [sophie.george@godstone.surrey.sch.uk](mailto:sophie.george@godstone.surrey.sch.uk) to keep in touch and feel free to include pictures of work completed as I enjoy looking at these.

Take care and I will hopefully see you later this term,

Miss George

### Year 3 Home Learning: Online resources

#### **Online Reading resources:**

- Free e-books for children to read available at <https://www.oxfordowl.co.uk/for-home/>
- Reading games available at <https://www.topmarks.co.uk/english-games/7-11-years/reading>
- See the TWINKL offer below. On this website you will be able to access a wide range of reading comprehensions. Into the search bar type in year 3 reading comprehension to access these. From these you will get a text to read and questions to answer based on the text. At the end of each download will be the answers so you are able to check work. If needed, type in lower year groups to access appropriate comprehensions for your child.

#### **Online Maths resources:**

- BBC Bitesize for daily maths lessons <https://www.bbc.co.uk/bitesize/tags/zmyxxyc/year-3-and-p4-lessons/1>
- Daily ten arithmetic maths questions, select Level 3. Available at <https://www.topmarks.co.uk/maths-games/daily10>
- Children have logins for Times Table Rock Stars available at <https://ttrockstars.com/>
- Learning videos and maths activities available at <https://whiterosemaths.com/homelearning/>
- BBC super movers- <https://www.bbc.co.uk/teach/supermovers/times-table-collection/z4vv6v4>  
There are videos help to practice their timetables using a fun song and movement routine.
- <https://nrich.maths.org/> -a great resource for developing maths problem solving skills across the maths curriculum. Follow primary students link for home learning activities. The Primary teachers tab at the top will take you to a page with a link for 'Primary curriculum mapping.' Here you can click on links for various activities linked to specific objectives (follow the year 3 column, but feel free to pick activities from previous years to recap on prior learning).

#### **Online Writing resources:**

- Children have logins for Spelling Shed. Spellings will be set weekly for children to practise available at <https://www.spellingshed.com/> They can also continue to learn the year 3 and 4 end of year spelling list (available on google images)
- Writing activity ideas available at <https://www.literacyshed.com/home.html>
- Grammar and punctuation activities <https://www.bbc.co.uk/bitesize/subjects/zv48q6f>

As well as the above websites there are also a range of learning activities and support for home learning available at:

- <https://www.ilearn2.co.uk/signin.html>  
Username: godstone  
Password: surrey
- Twinkl resources for parents available at: <https://www.twinkl.co.uk/resources/covid19-school-closures>
- <https://www.bbc.co.uk/bitesize/topics/zf2f9j6/articles/z3c6tfr>
- [https://www.spellzone.com/word\\_lists/games-368706.htm](https://www.spellzone.com/word_lists/games-368706.htm)
- <https://www.topmarks.co.uk/>
- <https://www.bbc.co.uk/newsround>

Please be rest assured many of the web resources we have recommended we regularly use in school. However, we have not been able to extensively check through **all** of the content on some of the websites, and have included a wider variety than we normally use to support you as much as possible. Therefore please always ensure you check carefully the suitability of all the content and continue to supervise your child's online use. Thank you for your understanding.

<b>Make and do</b>	Make a picture of the fair trade logo. Use any resources you like e.g. paint, tissue paper, leaves.	Create your own African safari silhouette, start with you back ground then create your animals and trees either with pencil or by cutting out the shapes from black card.	Design a t-shirt advertising FAIRTRADE, this could be on paper or you could create your own using and old t-shirt.
<b>Science</b>	Plant a seed and create a diary to show how the seed has changed over time. Can you draw pictures and label with key words.  <b>Extension: can you label the parts of your plant does it have leaves, stem, roots, a flower, fruit, pollen.</b>	Carry out the celery experiment to see how water is transported in plants:  <a href="https://www.kiwico.com/diy/Science-Projects-for-Kids/3/project/Celery-Experiment/571">https://www.kiwico.com/diy/Science-Projects-for-Kids/3/project/Celery-Experiment/571</a>  Create a poster to show your results	Research two of the following plants: Peanuts Poppies Bananas Sandbox tree (also known as the dynamite tree) Coconut  Can you find out what it looks like when it is growing, how it disperses it's seeds, where it is grown and some interesting facts about the plant.
<b>Write</b>	Write an acrostic poem about FAIRTRADE.	Write a diary entry of a FAIRTRADE farmer. What do you think their life might be like, where do they live, what is their job, how might Fairtrade help them?	Write a book review of the book I am reading on Class Dojo. Can write a paragraph to answer the following: Summarise the plot of the story. Did you find the plot interesting? Who are the main characters and who was favourite/why? Did you enjoy the book? What was your favourite part? Would you recommend the book to a friend? Why or why not? If you have access to a computer there is a template available online- <a href="https://www.twinkl.co.uk/resource/au-t2-e-051-australia-book-review-writing-template">https://www.twinkl.co.uk/resource/au-t2-e-051-australia-book-review-writing-template</a>

<b>Research</b>	Visit the websites and do the activities : www.dubble.co.uk www.fairtrade.org.uk www.tradecraftschools .co.uk www.cafod.org.uk www.fairtrade.net	Use an online word search creator to make a word search about FAIRTRADE.	Make a power point to show the journey from source to shop of FAIRTRADE :  Cotton, sugar or coffee.
<b>Maths</b>	Plan a picnic! You have the budget of £15 pounds. Research how much different food items cost. Create your own picnic hamper full of your favourite foods. You must not spend more than £15 but you can have change left over. Show you workings.	Pick 10 different water tight containers. Estimate then measure how much water each container holds. Order you containers from smallest capacity to largest. Were your predictions correct?	GO on a right angles hunt around you house make a list of the different shapes and objects you find which have right angles as well as how many right angles it has.

**Being Active at Home**

Please find a range of fun and energetic activities to complete at home/ in your garden

There are also many websites supporting physical activity during the isolation period such as:

- PE with Joe Wicks (available through his YouTube channel- daily fitness routines aimed at children
  - Just Dance (available through YouTube)
- <https://www.nhs.uk/change4life/activities/sports-and-activities> the NHS change for life website has lots of short activity ideas to keep moving
  - <https://www.bbc.co.uk/teach/supermovers> learning and movement activities

Create an obstacle course in your back garden, can you include an element of jumping, running, and throwing? Are there elements of the course where you need to crouch low or stretch high?	Using chalk or masking tape, create a hop scotch grid to play a game of hopscotch.	Can you invent a ball game with a scoring system to play with your parents or siblings?	How long can you run on the spot without having to stop? Try and beat your score over a few weeks
---	--	---	--

<p>Use your daily exercise allowance to walk to a post box to post a letter or picture that you have completed for a friend or family member.</p>	<p>Fill a bucket water game- best on a hot day! At one end of the garden have a full bucket of water, at the other end have an empty bucket. The idea of the game is, using a cup, see how quickly you can transfer all the water from the full bucket to the empty bucket. How quickly can you do this? Can you beat your previous score? This can be played in teams with siblings/ parents.</p>	<p>Create a list of natural objects to find around the garden e.g. moss/ a stick/ pebble/pine cone. Once all items have been found, use the objects to play 'Kim's game'. Put all the items out on a tray and then cover them over with a tea towel or similar. Take one item away- children then need to look to see which object has been taken.</p>	<p>Build a den- either inside or outside. What can you put in your den to make it more inviting?</p>
