

Dear Parents,

Please find attached the next home-learning grid with a variety of activities for your child to complete. Although you do not have to complete them all, we do expect the children to complete the ones they are able to. Children should be using Spelling Shed, Times Table Rock Stars and also reading as frequently as possible. Please send in photos of what your child has made/done or would like to share something they are particularly proud of, I would love to see!

On BBC iPlayer different celebrities are delivering regular teaching videos (for every age group) to support children with their learning at home with follow up activities and videos on their Bitesize website.

David Walliams is releasing a free audio book everyday on his website David Walliams elevenses.

In this document, please find some more physical challenges that your child can do at home; Pan Catch, Tower Skittles, Target Drop and a Mini Circuit.

If you have any questions or queries, please do not hesitate to contact me.

Many thanks,

Miss Wise

Make and do	How can you make the tallest free standing tower from just one piece of A4 paper? You can use a pair of scissors but no glue or tape is allowed.	Use different types of paper to make a paper aeroplane. Does the size of the plane affect how far it travels?	People often create time capsules to tell people in the future about their lives. Can you create your own time capsule to tell others about your family, what you like to do, eat and wear?
Science	Can you find a magnet on your fridge? What things around your house can you find that are magnetic?	Create a list of the animals in your garden from the largest visitor to the smallest insect. Who eats who? Can you create any food chains or a food web to show who's on the menu?	Go on a material hunt around your house. Can you record the different materials that you can find? How many of each material can you find?
Write	Is there a story book character that you wish you could meet? If you were able to interview them what would you ask? Can you write down the questions that you would ask them?	Find a stone in your garden or on a walk. Can you decorate your stone with a positive message for a friend? Maybe place it in our garden or leave it for someone to find when they are on a walk.	Can you create your own story book character? Can you describe what they look like? Where do they live and what do they like to do? What other interesting information can you tell me about them?
Research	What stories can you find that are about superheroes? Do all superheroes have the same powers? Which was your favourite story?	Can you find out about a famous person from the past? Why are they famous? What interesting facts can you find out about them?	Explore different maps, globes atlases. What do you notice? Can you spot any words, numbers and symbols?
Maths	Create some number cards from 0 to 9. Place the number cards at one end of the room. When someone says go run and collect 2 or 3 number cards. How many different numbers can you make with those cards? What is the biggest and smallest number that you can make?	Create your own shop. Can you add price labels to all the items to sell? Add up the items that your customer buys. Challenge: Can you find the change they need?	Toby went to see a film. It started at 2:00 and finished 2 and a half hours later. What time did it finish? Draw a clock face showing the time it would finish.

Pan Catch

Equipment

- 2 saucepans/frying pans
- 1 ball/pair of socks/paper ball
- Another player

How to play

1. Player 1 starts with the ball/socks in their saucepan
2. Player 2 stands opposite ready
3. Player 1 throws the ball/socks to the 2nd player using their saucepan
4. Player 2 attempts to catch it in their pan

Challenge

- a. How many can you successfully throw and catch in 60 seconds?
- b. Move further apart or try a smaller pan to catch
- c. Add in a move e.g. spin before you catch

Tower Skittles

Equipment

- 6 empty tin cans/empty loo rolls
- Socks (rolled in a ball)
- Piece of paper to record your scores

How to play

1. Create a tower using your tins/loo roll(3,2,1)
2. Set up a start zone a short distance away
3. You have 3 attempts to knock over the tin tower
4. 2 points per tin/roll you successfully hit over

Challenge

- a. Build a taller tower
- b. Move further away
- c. Use your opposite throwing hand

Target Drop

Equipment

- A racket/stick/hardback book/ frying pan
- 5 Targets (buckets/pots/ baskets/cups)
- 5 pieces of paper scrunched into balls/ or socks rolled up

How to play

1. Place targets around the room
2. Create your batting point (use a shoe or a cushion)
3. How many balls/socks can you get into the targets?

Challenge

- a. How many can you do in 60 seconds?
- b. Use your other hand
- c. Increase the distance between the starting point and the targets

Mini Circuit

Equipment

- Skipping rope/dressing gown belt/ rope
- Timer (phone/stop watch/tablet)

How to play

Do each of these and then repeat :

1. 10 skips using your rope
2. 10 tuck jumps
3. 10 hops
4. 10 star jumps
5. 10 squats

Challenge

- a. How many times can you complete the circuit in 2 minutes?
- b. What activities can you add?
- c. Challenge someone in your house and try to beat their time
